
Past Chairs & Presidents

Past Presidents - O.M.E.A.

Preceded by the Niagara Power Union (established in 1909) and several other Power Unions, the Ontario Municipal Electric Association (O.M.E.A.) came into being with the merger of those organizations in 1912. In 1918, the engineering section established itself as a separate association, the A.M.E.U. On March 4, 1986, the O.M.E.A. amalgamated with the A.M.E.U. to form the Municipal Electric Association (MEA).
